IMPORTANT NOTICE

The purpose of this white paper is to present **DONATIONCHAIN** and **DONC** (DonationChain Token) to potential token holders in connection with the proposed ICO. The information set forth below may not be exhaustive and does not imply any elements of a contractual relationship. Its sole purpose is to provide relevant and reasonable information to potential token holders in order for them to determine whether to undertake a thorough analysis of the company with the intent of acquiring **DONC**. Nothing in this white paper shall be deemed to constitute a prospectus of any sort or a solicitation for investment, nor does it in any way pertain to an offering or a solicitation of an offer to buy any securities in any jurisdiction.

This document and information contained herein may not be sent and or addressed wholly or in part, directly or indirectly, to any person in the United States, New Zealand or the People’s Republic of China, or any other jurisdiction in which it would be impermissible or restricted to offer, distribute, purchase, sell or retain cryptography tokens.

PROBLEM

Distance

In the present era, when we hear people affected by disasters especially different countries, we are confused to donate some of our funds to help them. with **DONATIONCHAIN** Smart Donation, you can channel your help wherever and whenever using the DONC token safely and quickly.

Customer Services

With our customer service, we will always serve you for 24 hours, so whenever you want to complain, ask and give input to us.

Ease of donating

With the DONATIONCHAIN Smart Donation, you can see the option to donate. in our application, we will display a list of donations, both disaster issues, goals, total target funds, etc. so with 1x clicks you have successfully donated your funds without being complicated.

The purpose of fake donations

In our system later, anyone can submit a donation goal, with our system, we will always mock the truth and the authenticity of the problem that is happening, if proven false, we will immediately delete and refund the people who have donated their funds. so you will no longer be afraid that your donation will not reach them.

INTRODUCING DONATIONCHAIN

DONATIONCHAIN is a project platform that makes it easy for us to donate our funds to those in need, both those affected by natural disasters, starvation, etc. using cryptocurrency. With our project, all people in the world, especially the crypto world, can donate some of their sustenance

FEATURES

Smart donation system

In our SMART DONATION SYSTEM (SDS) technology will be embedded which has the advantage of speed and accuracy for donating. Our application will display a list of donation destinations that automatically sort the most important ones and while desperately need help. when the funds have been collected, our system automatically closes and sends the funds to our team who are on location.

Secure payment

As a step to secure your funds, we use blockchain technology so users feel safe when they want to donate.

Submit what you want to donate

Whoever you are, either 1 country, 1 city or 1 village with someone who is in a disaster, you can submit a donation goal in our system

DONC Dividend

Every DONC Token holder in their wallet, every month you will get 5% of the total DONC Tokens that you hold. example: you hold 1000 DONC in your competitor, every month you will get 50 DONC

Detailed transaction info

We will always be transparent about the funds you donate, we will provide these details, so you know where your funds are, what time, what date and what destination have you reached.

MARKETING MODEL

Referral Program

We will give a 10% reference bonus if your referral donates their funds to me

DONATIONCHAIN Token

The DonationChain Token being generated for the ICO will be tradable on any exchange willing to list it, and certainly on existing decentralized Ethereum token exchanges. Each holder of DonationChain Token is involved with the success of the exchange, which will create a natural viral effect as more people buy, sell, or hold.

DonationChain TOKEN

DonationChain is a fully audited Ethereum based ERC20 utility token that is used for exchange fees on the DonationChain Exchange. As an ERC20 token, DonationChain Token can be traded on DonationChain Exchange as well as any cryptocurrency exchange supporting ERC20 based tokens.
